

# My Life Is in God's Hands

My life is in God's hands  
God determines my life span  
I am living like there is no tomorrow  
As I follow God's will and plan

What I once joked about became a reality  
The life I live was healthy  
And there was no family history  
Having breast cancer was unexpected  
And really scared me

So I took my fear to God and found comfort that . . .

My life is in God's hands  
God determines my life span  
I am living like there is no tomorrow  
As I follow God's will and plan

I followed the doctor's recommendation  
To first have chemotherapy  
That means missing work for five months  
I was concerned how my team would do without me

So, I gave up this concern to God and trust that . . .

My life is in God's hands  
God determines my life span  
I am living like there is no tomorrow  
As I follow God's will and plan

I was immune compromised from the treatment  
During the period when COVID cases were most high  
Doug was working from home which was fortunate  
Since I needed him by my side

So, I thank God for his protection and provision.

My life is in God's hands  
God determines my life span  
I am living like there is no tomorrow  
As I follow God's will and plan

I remained well enough to complete all the chemo  
A few weeks later, I had a lumpectomy and lymph node biopsy  
The results made me happy  
As it revealed I am cancer free!

But I learned to not take life for granted  
And instead, I wholeheartedly believe that . . . .

My life is in God's hands  
God determines my life span  
I am living like there is no tomorrow  
As I follow God's will and plan

---

*Psalm 116:12-14*

*How can I repay the LORD for all his goodness to me? I will lift up the cup of salvation and call on the name of the LORD. I will fulfill my vows to the LORD in the presence of all his people.*
